## Make Your Purchases an Investment

## Please Read Carefully

Every Customer who buys from us in the month of July, and buys as much as \$5.00, \$10.00, \$15.00, \$20.00, \$25.00, \$50.00, \$100.00 or \$500.00 at any one time, Will Receive

## A 5 per cent Interest Bearing Gilt Edge Bond

Interest to be paid annually, one year from the date of your Bond.

If you get a \$ 5.00 Bond, you can collect .25 every year in July.

If you get a \$ 20.00 Bond, you can collect \$1.00 every year in July.

If you get a \$100.00 Bond, you can collect \$5.00 every year in July.

You cannot collect face value of bond, only the 5 per cent interest. But the Bond will be perfectly good for the 5 per cent interest every year from date of same, so long as I continue in the Dry Goods Business in Ardmore, Oklahoma. Each and every year in July you can collect your 5 per cent interest just the same as if it were a U. S. government Gold Bond.

Make the Bond as large as you possibly can, for the larger the Bond, the more interest you can collect. This is worthy of the serious consideration of yourself and your children, as the Bonds do not cost you one cent. For you always get the "BEST FOR LESS" in Dry Goods, Shoes, Hats, Clothing, Notions and a general line of furnishing goods, bought direct from the factories and mills at the lowest discount cash prices, when you trade at Dennes Store.

## Many Troop Trains Pass.

McAlester, Okla., July 1.—Eight troop trains carrying 5,420 national guardsmen have passed through McAlester bound for the Mexican border. Three of the troop trains were over the Rock Island and five trains over the Missouri, Kansas & Texas railroad. Railroad officials say that the Missouri, Kansas & Texas railroad company will handle out of St. Louis forty trains loaded with guardsmen and equipment. The guardsmen who passed through McAlester were from New York, New Jersey and Pennsylvania. The Seventh New York infantry, said to be the most efficient in the world, stopped forty-five minutes for breakfast. The New Jersey troops included artillerymen.

United States Senator Moses E. Clapp, of Minnesota, who will retire from the upper house of congress next March, has been an important figure in national politics for several years. Perhaps not so much a statesman as Cushman K. Davis, whom he succeeded, Clapp none the less has shown himself able, fearless, aggressive and generally right, and he can look upon his 16 years of service in the senate without regret.

## COMMERCIAL STRENGTH AND LEGAL ABILITY

ARE NOW REQUIRED TO HANDLE  
PUBLIC AFFAIRS—J. S. MULLEN  
ONE OF BEST EQUIPPED MEN  
IN STATE.

In presenting the name of J. S. Mullen for the state senate, we want to call attention to the fact that he is an Ardmore boy. He came here with his father, Joseph P. Mullen, when a mere lad. He entered his father's office and so quickly did he develop into a business man that he was soon placed at the head of the business. He began his business career with pluck, energy, and brains to his credit but without money. His business has grown from year to year. His friends now ask him to give some of his time to the public and ask that he be given a place in the state senate to assist in making the laws of Oklahoma.

He had a struggle in his early years for an education, and won a scholarship in Vanderbilt in a competitive examination. He has devoted much time to the study of law and is especially well versed in the laws of Oklahoma and in the federal laws that touch upon the lands of this state.

He has taken more questions from Oklahoma to the supreme court of the United States than any other individual or firm. He has done more to clear titles to lands in Oklahoma than anyone else. He has employed the finest counsel and has fought these cases through the courts.

J. S. Mullen is a tireless worker. He handles a vast volume of business. It has been said of his business that it is the largest in Ardmore and it is the largest of its kind in all the southwest.

The point we want to make is this: That if Mr. Mullen can do these big things in private business he will be able to do big things in public business. He is mindful of the wishes of the people. He is a friend to the friendless and his life is an inspiration to the youth of the country. He is rearing and educating a family of boys. He is a man who can easily be approached by the humblest citizens. And he is known, perhaps, to more men of the state than any other business man in Oklahoma. His investments cover a vast area of country, and everywhere he does business he is held in the highest regard by the people. Through his large holdings of agricultural lands he has been able to be of great service to the tenant farmers of the country, and he has done much valuable work toward the progress and development of the agricultural resources of the country.

Only a few men tower far above their fellow men in intellect. Only a few men can be an Edison or a Franklin, and it so happened that nature has richly endowed J. S. Mullen with a wonderful mind. He has a broad grasp upon public questions. He is a close student of public affairs, he knows public men and knows how to weigh their strength. He is invincible in argument and upon the floor of the state senate his eloquence and logic would be a credit to the entire state of Oklahoma. He is too big a man to be claimed by one section of the state, he is big enough to belong to the entire state, and since he has chosen to enter politics it is almost certain that he will become so endeared to the people that he will be placed some day in the senate of the United States.

## BOURLAND FOR JUSTICE OF PEACE, ARDMORE TOWNSHIP

In this issue of The Ardmoreite appears the announcement of W. Franklin Bourland as a candidate for the office of justice of the peace of Ardmore township. Mr. Bourland needs no introduction to the people of Ardmore and Carter county. He is one of the best equipped attorneys in the city and should be the choice of the people he would fill the office with honor and credit. Mr. Bourland, in asking for this office, has no pledges to make other than he will administer the affairs in a businesslike manner and will always be found serving the best interests of his constituents.

## Mayor's Proclamation.

Whereas, Tuesday, July fourth, inst., being the one hundred and fortieth birthday of American Independence, and by time-honored custom this date has been observed by the American people as a national holiday, and

Whereas, the principles of patriotism devised to us by the founders of our government should especially at this critical period of our nation's history, be perpetuated in and impressed upon the minds of our people. Now, therefore, I, Joe M. London, acting mayor of the city of Ardmore, do hereby proclaim said Tuesday, July 4, 1916, a legal holiday, and recommend that all municipal offices be closed and all city employees except those necessary to the public safety, cease from their regular duties during said day.

I further recommend to the citizens of Ardmore that they use their best efforts to see that this anniversary be observed in a safe, sane and patriotic manner, to the end that not only true patriotism may be further promoted and fostered, but that the lives and limbs of our youth as well as the property of our citizens may be protected and conserved.

Witness my hand this July 1, 1916.

JOE M. LONDON,

Acting Mayor.

City Clerk.
